Mosaics Piece By Piece

Synopsis

Divided into two sections: the workshop and the projects, this book covers all the tools, materials and techniques you need to create stunning mosaics and provides over 100 inspirational projects for you to create. Over 30 projects are featured in the workshop enabling you to put your newly learnt techniques into practice straight away. Handy tips and tricks throughout help to refresh your memory on key points covered in the book. Over 70 projects, both large and small, feature in the project section allowing you to combine everything learnt in the workshop section effectively. Clear and simple step-by-step photography and text ensures everyone achieves a beautiful result. This book is perfect for crafters of all ability since projects are rated according to the degree of difficulty and there is a comprehensive motif section.

Customer Reviews

I love this book for its very creative ideas and projects. The materials and techniques are discussed clearly and simply, and the projects are stylish and inspired, with beautiful patterns and colors. I would consider it an "intermediate" level manual, a wonderful addition to any mosaic reference library.

I was looking for books that will help start several projects for my patio and this is it! Great ideas and easy to follow instructions! Just love it!!

As a newcomer to mosaics, I was looking for something basic, with a lot of inspiration. This book

delivers! Descriptions of tools, materials and other supplies is very clear and complete. The projects are laid out step-by-step and clearly described.
