Fundamental Method For Mallets, Bk 1: Comb Bound Book

Synopsis

This comprehensive method by Mitchell Peters (principal percussionist of the Los Angeles Philharmonic) helps percussionists at any level develop solid skills. The method contains an abundance of essential exercises and etudes for both 2- and 4-mallet technique in two convenient volumes! Covers the grip, stroke, playing position, reading and technical studies, and more! The comb binding creates a lay-flat book that is perfect for study and performance.

Customer Reviews

This is a nice book to whom wants to learn about fundamentals like position, type of mallets to use, how to use, how to read the music, how to play the music and others stuffs. As a plus, it has complete musics of different types like jazz, tango, etc. Cool.

I got this book to work on my sight reading. The reading studies in every section are great practice for that! I'd also recommend this book to any beginner reader, maybe even intermediate to allow more musicality while reading easier material.

The Fundamental Method for Mallets book is an excellent source for learning to play any of the mallet instruments !!! Each exercise is clearly explained and rhythms are written out in standard music notation in easy to read print. It also includes some very helpful photo illustrations. The book takes you through the basic steps of playing mallet instruments with progressive exercises from the beginner's level through more advanced rhythms and 4 mallet playing. Highly recommended in

order to develop a good playing technique !!!

Excellent book. It really has everything I was looking for, as a beginner. Thorough and musical. Highly recommended.
