Customer Reviews

Tab versus StandardThis mostly excellent compilation of over 4 decades of mostly rock songs

shows the bassist's part in both standard and tab notation. (Standard requires reading notes; Tab actually shows the four bass strings and numbers what fret to play next). Who's in the Book While certain schools of funk and soul are slightly underrepresented for my tastes (where's James Brown or Sly Stone--were there copyright issues?), the book includes some Muddy Waters, Howlin' Wolf, Marvin Gaye, Smokey Robinson, Martha and the Vandellas ("Dancing in the Street"), and The Four Tops. Mostly, though, this is a collection of what is now deemed "classic" rock (e.g., Cream, Beatles, Santana, Stones, The Who, Led Zep, Hendrix, David Bowie, the Byrds); metal bands (including Black Sabbath, Foo Fighters, Van Halen, Kiss, Metallica, GNR, Ozzy Osbourne); 1950s-1960's oldies (Fats Domino, Elvis, The Crests ["16 candles"], Ricky Nelson, , Carl Perkins, Buddy Holly and the Crickets, Jerry Lee Lewis), and a smattering of relatively recent (last 20 years) bands (the Black Crows, Goo Goo Dolls, Stone Temple Pilots, Rage Against the Machine, Sheryl Crow, Slipknot, System of a Down). There are also some bands that are inexplicably included (why are there two songs from "power ballad" band, "Cinderella"), but, hey, to each his or her own. Only A Few Songs per Group Each group is represented by one to seven songs (only Stevie Ray Vaughn has that many), and most range from one to three. Therefore, if you're a big fan of a particular genre or band, you might look for a more specialized book. However, there aren't that many books with bass tab!
