Synopsis

Do you have an idea for something that you want to share with the world but don't know where to start? Want to make a living without selling your soul? Customer Reviews

I do not love it, I LOOOOOVE IT! This is the bread and butter of business, in a lingo that doesn't require a master's in business to understand. Real info from the heart of an entrepreneur, basic details that are obvious but you may not know until someone points them out. Excellent book!

Moore balances sharp insights with charisma and humor. She marries punk rock values and ethos with real-world business smarts. Take your business seriously, don't be a jerk, make things and support people that make things. A quick, killer read.

Its a must read for all working artist. I wish this book would of come out when I was starting my career. It would saved me lots of time & money.

Good reading. Entertaining and informative.
