Covered Call Cash - Using Call Options To Create Your Own ATM - (Stocks For Rent™)

Synopsis

Covered Calls are one of the best ways to increase your recurring income; if you do it right. IT'S TIME TO GET PAID! Are you tired of putting money into your portfolio and getting little to nothing in return? Covered call trading is one of the safest ways to trade options. However, there is a massive difference between simply trading covered calls, and successfully trading covered calls. In the latest Stocks For Rent™ options trading guide, entitled Covered Call Cash, you will learn some of the best methods for profitably trading these options. Have you ever asked yourself why you continue to put money into your investments that may not ever pay you back for your deposits? Knowing full well, that if you ever do get your funds back it will be a distant day in the future. Of course we still need to invest in order to be able to retire some day, no matter how stingy the market tends to be at times. What if there was a way that you could have your cake and eat it too, (strictly in the investment sense!)? Using the techniques presented in this easy to follow trading blueprint, you will learn: How to generate monthly income from your investments, while still holding on to them for future capital gains. Why you should ALWAYS use covered calls to initially purchase your shares. The single biggest mistake most traders and investors make over and over again, and the simple solution to fixing it. Two things you should always check before making new investments. Fundamental and technical analysis tools that actually work. BONUS: Access to your free copy of the Stocks For Rent Trade Calculator. This little device will save you a ton of time and analyze your potential returns in seconds. Want to know if your investment will return 4% over the year or 40%? The Stocks For Rent Trade Calculator will show you. A \$569.00 value (that's what I paid to have it developed) and it's yours absolutely free! Plus: How to potentially drive down the price of many of the stocks in your portfolio to a cost per share of zero dollars. The latest addition to the options world that could put \$1000's extra into your trading account each year. and much more.... So if you are tired of just being the "giver" in your relationship with your stock portfolio, and are looking to generate a great revenue stream; then download your copy of Covered Call Cash - Using Call Options to Create Your own ATM. After all; it's time YOU got PAID!

Customer Reviews

This book is really something. There are a lot of things that we still do not know when it comes to saving money. This guide will teach us the secrets and the fundamental things to do. How to make our trades successfully. Investing wisely and secure for future capital gains. There is a lot of information that we can get from this book. It will surely going to live you to be astounded and stunned.

This is very good book study about the Covered call cash. This is very helpful guide book study. Covered call trading is one of the safest ways to trade options. However, there is a massive difference between simply trading covered calls, and successfully trading covered calls. This little device will save you a ton of time and analyze your potential returns in seconds. Highly recommended for everyone.

This book has greatly helped me in doing successful trading covered calls. It has taught me a lot about investments and future capital gains. It has also explained the mistakes investors usually commit and ways on how to avoid or fix it. It has also provided me with fundamental and technical analysis that really worked for me. This is a must read especially for beginner investors like me.

Steven, Covered Call cash opened up a new, exciting world for me. Explicit, down to earth information that is useable in the real world. I have already begun the process of writing calls and

will be talking with you occasionally. I promise not to deluge you with questions that are already answered in your books.
