# Hip Hop Illuminati Book 2: Hip Hop's Role In The New World Order

## Synopsis

In my first book, Hip Hop Illuminati, I told you how and why the Illuminati took over Hip-Hop. In this book, I will show you how the game is, once again, evolving. But more importantly I will show you how hip hop music will affect todayâ™s youth and their future. According to findings, at any given moment, hundreds of very serious conversations about the changing face of hip-hop are taking place, with many individuals appearing to have an actual emotional (financial) stake in the matter. Social scientists confirm that there are people who are deeply concerned about the current state of hip-hop and who continually express genuine worry over the musical genreâ™s influence in the future. With hip hop making its way all the way up to the oval office via Jay-Z (and others) you can be assured that among those âœworryingâ• are the Illuminati.

## Customer Reviews

Excellent & descriptive book! It's shows the real process of how celebrities & individuals in various entertainment & other high industry compromise their self respect & integrity for riches & fame.

I loved this book. I couldn't put it down. It was jaw dropping, eye popping information. I tried passing on the information in Ms. Scott's books and people look at me like I have 52 heads

I really wasn't impressed. It seemed to focus on the history of hip hop rather than the implied material. It was a hard read due to all of the typos and grammatical errors. She obviously didn't have a proof reader. Again, I really didn't enjoy it. I would have been more satisfied playing solitaire.
