Customer Reviews

I sat in my living room one day thinking that I would love to hear animal suffering coming from one of the upstairs bedrooms. Alas, only quiet emanated from the rooms. After purchasing this book, my daughter regales us with the sound of bovine dentistry. Other times, we hear orcas suffering at the loss of their pet hermit crab. Last night, I heard blue whales singing with glee. It was exactly what I wanted.

Excellent advanced etudes for horn. I'm an enthusiastic amateur with musical training and think any advanced high school or college student would find these great technique builders.

This book was what I wanted and more. I would highly recommend this book. I would recommend this book to people who are looking for very challenging music.
