Synopsis

Serial Killer Book That You Have Never Seen Before! Analysis Of Criminal Minds, Patterns, Thinking, Reasons Why They Did What They Did! It is not in the natural wiring of a man (or woman) to take another man's life. It is even more unnatural when the person has a compulsion to keep taking lives, so that he satisfies some twisted craving. The psychology of serial killers is a bit difficult to explore. The reason is that it is not something that is set in rigid boundaries. It appears that after every murder, an extra layer is added to it. It also appears that the humane side of a serial killer dies a little more with every killing. Do you want to learn more about serial killers? Are you interested in knowing what led them down that path? If you do, this book does a great job of looking at what drove the different people to serial killers. It is important to note that nothing justifies taking life but rather we try to look at what made sense in the eyes of the serial killer to do what they did and with no remorse for their actions. Here Is A Sneak Peek Of What You Will Learn Wayne Gacy, The Molester And Killer Of Boys Edward Theodore Gein Dr. Harold Shipman, The Killer Doctor Compilation And Linking Of The Mental States And Tics Of These Serial Killers And Much Much More Interesting Facts... Serial Killers well wrote I think that the concept of the book is very good. The book says these are real horror stories that happened a long time ago and some are only from the past few years, so if you are ready to be awake for the whole night after reading the book then this is perfect for you. The book is the perfect mixture between education, shock value, and life lessons. I highly recommended this book.

there is an amazing book has been introduced about serial killers and the reasons and logic of doing killing activity. The author has presented a very deep logic of these murderers. The book has included the biographies of most horrific and true crime cases by criminals. This book has presented a complete analysis of criminals mind and the reasons behind killing. Such a acknowledging book!

I like reading these types of books. Nowadays you can find everything online but if you'd like to find out the whole story you have to search through many different pages. This book offers you the stories of 3 criminals and their horrifying deeds. What I like about this book is that there is also a

psychological angle of their behavior and I learned a lot from it.

Impressive collection of serial killer stories. Well laid out and a good read. This book is very informative and covers some great facts on the twelve dastardly killers it mentions. Jeff Kramer is a great true crime author that I hope to read more from in the future. I'm glad I found it. As a forensic student, I found this book to be immensely entertaining.

Most of the people would be interested to figure out the psychology behind this horrific behavior since it's not normal for people to kill in the widest way like wild animals do. However, this book explains the reasons why these serial killers do this thing. Moreover, this book discusses why these people never feel sorry for what they have done.
