Arabian Sands (Penguin Classics)

Synopsis

Arabian Sands is Wilfred Thesiger's record of his extraordinary journey through the parched "Empty Quarter" of Arabia. Educated at Eton and Oxford, Thesiger was repulsed by the softness and rigidity of Western life, "the machines, the calling cards, the meticulously aligned streets." In the spirit of T. E. Lawrence, he set out to explore the deserts of Arabia, traveling among peoples who had never seen a European and considered it their duty to kill Christian infidels. His now-classic account is invaluable to understanding the modern Middle East. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

A book about "the spirit of the land and the greatness of the Arabs." This is a must read for anyone interested in the tribal Arabs of the desert (southern Arabia). I had this book for many months until I got around to reading it and then I absolutely couldn't put it down. The excursions of Wilfred Thesiger (Umbarak) take place during the 1940s. Thesiger loved the Bedu tribes (Rashid) and he writes from the heart, which is why I think the text is so readable. You relive this phenomenal experience with him. Thesiger never fit in with his own people of England. He couldn't bare to live

amongst the materialistic culture he found in the western world and felt more akin with his Arab friends yet as a "Christian" he could never be one of them. His relationships with two of the Rashid in particular, bin Kabina and bin Ghabaisha and the love, admiration and loyalty he had for these two young men was very moving. Amazingly Thesiger survives many dangerous encounters while traveling in the desert with his Arab companions. How he ever survived some of these excursions is astonishing; between the lack of food, water, heat and cold exposure but mostly other hostile Arab tribes. His companions and he escape being killed by mere hours. By our western standards many people would think Thesiger's companions to ultimately be murderous and barbaric yet I have met very few westerners that held the same unbreakable code of honor that many of Thesiger's Arab companions lived by. Their generosity, faith in god, honor, dignity, strength and endurance is nothing short of amazing. They would give a stranger who stumbles upon their camp the last scrap of food and final cup of water even when starving in the desert for days.
