## Customer Reviews

This book has all the songs I was looking for, including the 'old favorites' and some up tempo songs I really like. You don't have to be the type that goes to church every time they open the doors, to play and enjoy gospel music. The songs in this collection that I like all have a distinctive melody and are fairly easy to read and play. Guitar players be advised that many are in the keys of B flat and E flat, so you'll have to use barre chords or transpose. Any one progressing from 'beginner' to 'intermediate' will find some familiar songs written in C.

This book has some great arrangements to the good ol' gospel songs and some more contemporary ones (but not current). I've been playing from it at church for a while, and a member asked me to order one for him for the guitar parts. Really good!

Great collection of Gospel songs

This is a wonderful book, full of the old gospel music I grew up with as well as newer music. Great for my mediocre talent as well as advanced players as well.
